The accident occurred during the early morning of July 15.

Work is expected to start on the shingling at once, with the painting to follow. No color scheme has yet been decided upon for the hall, but the shingles are to be a two-tone grey.

Mayor M. Maccagno and secretary-treasurer F. Creighton made a trip to Edmonton the day following the recent council meeting, to interview a number of government officials and others concerning details of the proposed town owned gas system which will be voted on by the people on July 25. Interest is the gas utility is mounting as the date approaches for the vote.

Nurse And Engineer Exchange Vows In Double Ring Wedding Ceremony

LAC LA BICHE — The United Church, Lac la Biche, was the scene of a lovely summer wedding of wide interest when Miss Olga Bakay became the bride of Mr. John Mackenzie Chittick.

The bride is the daughter of Mr. and Mrs. Matheus Bakay of Venice and the groom is the son of Mr. and Mrs. Hervey F. Chittick of Leduc.

The young couple attended the University of Alberta; the bride has a Bachelor of Science degree in nursing and the groom will obtain a Bachelor of Science degree in electrical engineering in the fall. He is a member of the Kappa Sigma Fraternity, Epsilon Alpha Chapter.

The church pews were simply decorated with white satin bows and the altar was decked with baskets of pink peonies and white daisies.

Rev. Stuart Munro officiated at the double-ring ceremony.

Given in marriage by her father, the bride was radiant in a full-length gown of white poie de soie designed with lily point sleeves and a bouffant skirt poised over crinolines. French lace applique roses sprinkled with pearled sequins were scattered on the fitted bodice and full skirt. The English silk fingertip veil misted from a headpiece of silk organza flowers. Her only jewelry consisted of a pair of genuine pearl earrings and a watch, both gifts of the groom. She carried a cascade bouquet of pink Sweetheart roses adorned with white daisies and matching pink tulle.

Mrs. Albert Macor, sister of the bride, was matron-of-honor. Bridesmaids were Miss Norma Grimby and Miss Natalka Semotuik. Little Donna Benuik, niece and godchild of the bride, was flower girl and Master Kenneth Macor, nephew of the bride, was the page.

The matron-of-honor wore a linen sheath of deep pink with white accessories. The bridesmaids wore identical semi-formal gowns of French blue crystal charm with matching sashes and blue chiffon picture hats. The flower girl was charming in a picture hat of French-blue crystal charm to match her frock. All attendants carried nosegays of Shasta daisies in blue, yellow and white to match their dresses.

Mr. Kenneth Germundson, Mr. Albert Munz and Mr. Albert Vivyurka were best men. Mr. Steve Bakay, brother of the bride, was usher.

Mrs. M. A. Lett was organist and Miss Ruth Schmidt of Medicine Hat sang "O Perfect Love" and "The Wedding Prayer" during the service.

The bride's mother chose a beige silk taffeta cocktail dress with matching bolero. She wore white accessories and a corsage of crushed pink carnations.

The mother of the groom wore a coral sheath dress of embroidered silk organza over taffeta with matching organza duster. Her beige hat was trimmed with flowers matching the dress and her white carnation corsage matched her accessories.

Later a reception for 300 guests was held in the Memorial Hall, Lac la Biche.

The bride's table was decorated with a four-tiered wedding cake and nosegays of Shasta daisies. The guest tables were decked with bouquets of pink peonies and white daisies.

Mr. F. W. McMillan proposed a toast to the bride.

For a honeymoon trip to Ottawa, where the young couple will reside temporarily, the bride chose a light wool suit in blue with white flower hat and accessories and pink sweetheart roses en corsage.

Out-of-town guests were present from Winnipeg and Brandon, Man., Medicine Hat, Calgary, Leduc, Edmonton, Donalda, Rochfort Bridge, Gleichen, Boyle, Newbrook, St. Paul and Rich Lake.

P. Denesiuk Weds Dolores Coughlin

ELLSCOTT — Dolores Irene, eldest daughter of Mrs. Mary Coughlin of Ellscott, became the bride of Mr. Peter Denesiuk of Waskatenau in a ceremony held in the Ukrainian Greek Orthodox Church in Waskatenau on Friday, July 8.

The bride was preceded by her flower-girl, Cheryl Karpuk and ring-bearer, Dougie Klem, and accompanied by her bridesmaids, Miss Yvonne Patamarek, Miss Margie Smolarchuk, and her sister, Miss Patsy Coughlin.

The best men were the groom's brother, Mr. John Denesiuk, Mr. Alex Starchuk, and the bride's brother, Mr. Harvey Coughlin.

After the wedding ceremony a reception was held in Ellscott Hall, followed by a wedding dance.

Intelligent optimism is based on a long-range viewpoint and pessimism is usually generated by a short-range view.

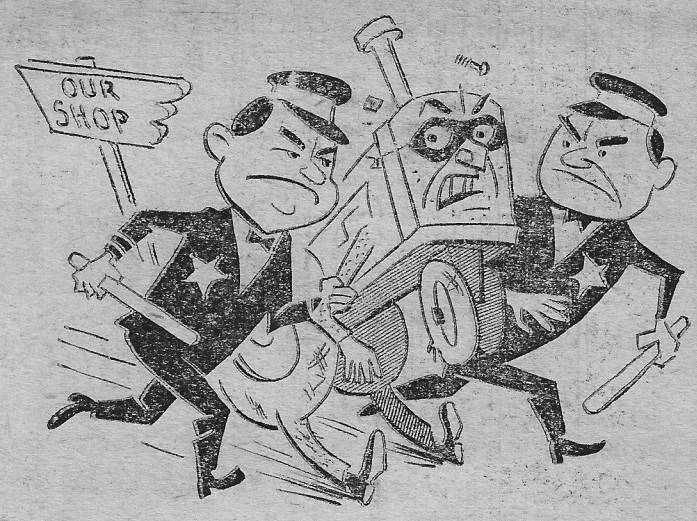
ARREST THIS LOST-TIME THUG!



They've put the finger on a culprit at your farm. . . . a thief who's literally picking your pockets—your tractor.

Proof? What more do you need than this—authoritative tests by impartial engineers at the University of Nebraska proved beyond doubt that during a year's work a tractor can lose as much as 20 per cent of its power. Such power loss means extra hours in the field to do the same work . . . gallons of fuel pouring out the exhaust. And most tragic—farmer-owners were not aware of this power loss.

Your tractor, too, needs a check-over. Perhaps only a tune-up is required. Regardless . . . in our shop, only the necessary work will be done; our skilled mechanics will do the work quickly . . . efficiently . . . and at the lowest possible cost. We're making service dates for these next few weeks; won't you let us add your name to our schedule?

Young Liberals Go To School, Study Politics

A summer school for young Alberta Liberals is being arranged for August 5 to 7 at Pine Ridge, near Devon. About 30 persons are expected.

A letter has been mailed to 100 young people, between the ages of 18 and 23, throughout the province, inviting them to a time of serious political study arranged especially for them, without the possibility of domination by older persons, says David C. McDonald, director of the Blue Ridge Liberal Summer School.

Arranged under the auspices of Mr. and Mrs. H. A. Dyde of Edmonton, Mr. McDonald said the school has the enthusiastic endorsement of Hon. Lester B. Pearson and Hon. Paul Martin, both of whom have promised to attend if possible.

Staff members will include: Professor Grant R. Davy, Head, Political Science Department, University of Alberta; Professor Donald Smiley, Head, Political Science Department, University of British Columbia; Professor Otto E. Lang, College of Law, University of Saskatchewan; Professor William MacKenzie, Department of Political Economy, University of Alberta; Roger P. Kerans, Barrister and Solicitor, Edmonton.

THE Homemaker

By BERTHA M. McCUTCHEON

A new swimsuit called "Swim-eeze" is designed for children two to six years of age who are learning to swim. In Black Watch and Red Watch cotton tartans, the suit features soft, unicellular foam in the collar and in the back and front of the underpanties. It looks the same as any other suit except for a large collar filled with foam which floats under the child's chin, keeping its face out of the water. Once the child learns to swim, the foam can be removed and you have a normal, attractive swimsuit.

Skin Divers warned and advised by CAC:

The strange new world beneath the water's surface may be a dangerous playground if the skin diver is not properly trained and equipped, warned the Toy-testing Committee in its recently published report, Skin Diving Equipment. Everyone planning to indulge in this sport should read the report before purchasing his equipment. Send 10 cents to Toy Testing Committee, c/o Lorne Bldg., Ottawa, Ont. for your copy and it will be sent to you.

Travelling With Children:

Seeing the country with children this summer will be a lot more fun and will go more smoothly if you plan ahead carefully. The secret is to keep children busy and happy.

Three gadgets all parents should carry are:

1. A "mystery box" which is a decorated hatbox, shoebox or fruit cake tin, containing individually wrapped toys - one for each day on the road. Don't let the children see this box until they start getting restless in the car, then bring it out and let them choose one surprise only, a day. Choose harmless gifts such as toy cars, planes, boats, drawing books and dolls. Avoid things that might distract the driver or hurt the child in a moving car.

2. The "wriggle platform" is a perfect substitute for mother's weary shoulder when the children get cranky and need a nap. Make one in the back of the car this easy way: Stack several pieces of luggage level with the back seat. Place a crib or air mattress over all, add a pillow if desired, sprinkle a few favorite toys around the surface, and you'll find the wee ones will be quite happy.

3. A shoe bag "filing cabinet" will be helpful as well as entertaining to small fry. Hang the bag over the back of the front seat with two bicycle clamps or some such device. In some pockets put travelling necessities such as "wash 'n dri" packets, soap, disposable washcloths, tissues. In the rest of the pockets, put the child's needs, sun glasses, dolls, toy cars, etc.

To prevent boredom always stop regularly every 50 miles. This will let the kiddies stretch their legs and run off some steam.

By practicing a travel-directed feeding schedule, car sickness can be avoided. A light breakfast and lunch, with the main meal reserved for the evening after travelling, is the best routine. Avoid candies, pastries and other rich foods. These upset the tummies. Substitute dried fruits, raw carrots, and celery instead.

And to meet Junior's insatiable thirst, carry a thermos of water or fruit juice. It is also advisable to carry a few sandwiches for emergency just in case something happens and you are later reaching your destination than planned.

And remember, *Drive Carefully!* The life you save may be yours and your family's.

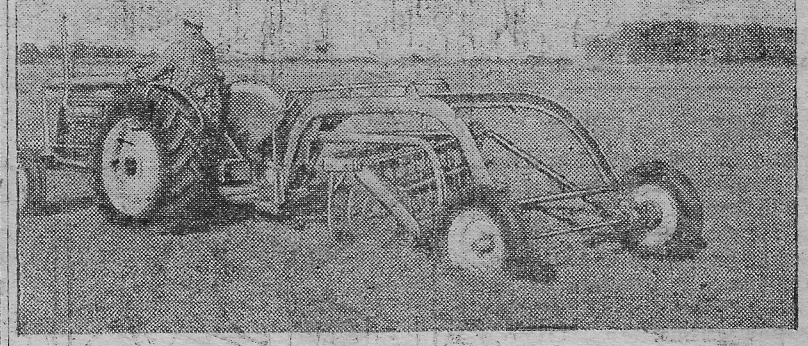
save more leaves



You'll save more with an Oliver Rake—semi-mounted, parallel-bar No. 107, or the pull-type No. 2. The 5-bar No. 107 cuts hay travel from swath to windrow almost in half, reduces shattering of valuable leaves. You can rake faster, too—do the job in half the time. A small diameter, 4-bar reel on the No. 2 turns slower, handles hay more gently, sweeps fields cleaner.

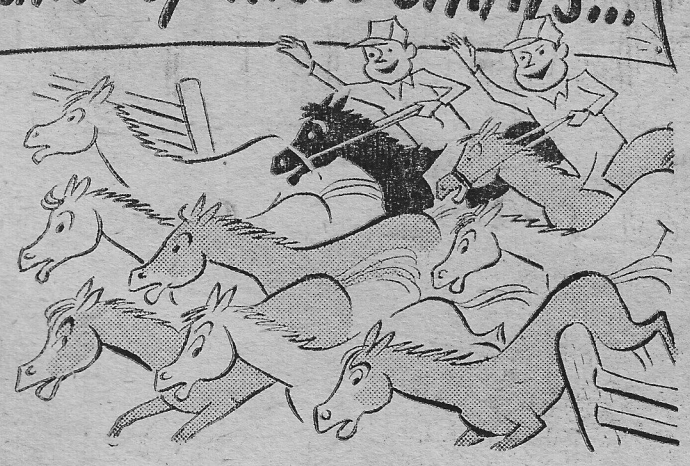
It's Time to Round Up Those STRAYS...



LET'S MAKE A SERVICE DATE NOW... WHILE WE BOTH HAVE TIME!

"Straying horsepower" is picking the pockets of farmers everywhere. And probably yours, too. Authoritative tests at the University of Nebraska proved *every* tractor loses power during a year's time; some tractors lose as much as 20 per cent. These losses cost you money!
